# MICHELE GRAFFEO

Postdoc at SISSA, Geometry and Mathematical Physics ,

Room: A-661, Phone Number: +39 040 3787 287,

Via Bonomea 265, 34136, Trieste (Italy)

Email: mgraffeo@sissa.it

Home Page: https://graffeomichele.github.io

## **RESEARCH INTERESTS**

• Algebraic Geometry • Birational Geometry • Resolution of singularities • Hilbert schemes & Moduli spaces of sheaves • Representation theory • Toric Geometry • Enumerative Geometry • Minimal Model Program • Derived Category

#### ACADEMIC POSITIONS

Postdoctoral Fellow at SISSA - Trieste (Italy)

Project: "Geometry of Hilbert schemes"

1/2024-present

Mentor: A. T. Ricolfi

**Postdoctoral Fellow** at *Politecnico di Milano* - Milano (Italy) 2/2023-12/2023

Project: PRIN 2020 "Squarefree Gröbner degenerations, special varieties and related topics"

(MUR, project number 2020355B8Y)

Mentor: P. Lella

Visiting Fellow at SISSA - Trieste (Italy) 1/2023-12/2023

Project: "Nested Hilbert schemes and GIT stability conditions"

Mentor: U. Bruzzo

## **EDUCATION**

LDUCATION	
PhD in Geometry and Mathematical Physics (cum Laude) at SISSA - Trieste (Italy)	10/2018-11/2022
Thesis: "Zero-dimensional sheaves, group actions and blowups"	
Supervisors: U. Bruzzo & A. T. Ricolfi	
Master of Science in Mathematics (cum Laude) at University of Pisa - Pisa (Italy)	9/2015-9/2018
Thesis: " Koszul cohomology and Hilbert schemes of points"	

Supervisors: M. Franciosi **Bachelor in Mathematics** at *University of Pisa* - Pisa (Italy)

Thesis: "Il teorema degli zeri in algebre analitiche reali e complesse"

Supervisors: F. Acquistapace

Scientific High School diploma at Liceo Scientifico "Enrico Fermi" - Sciacca (Italy) 9/2003-8/2008

9/2010-5/2015

2023

2023

### TO APPEAR AND PUBLISHED

Annales Henri Poincaré, 13 July 2023

<ul> <li>"The geometry of double nested Hilbert schemes of points on curves",</li> </ul>	2025
with P. Lella, S. Monavari, A. T. Ricolfi and A. Sammartano.	
Transactions of the American Mathematical Society 378, 6013-6047 (2025)	
• "A counterexample to the parity conjecture",	2025
with F. Giovenzana, L. Giovenzana and P. Lella.	
Algebraic Geometry, 12 (2025), no. 2, 173–188	
<ul> <li>"Unexpected but recurrent phenomena for Quot and Hilbert schemes of points",</li> </ul>	2024
with F. Giovenzana, L. Giovenzana and P. Lella.	
Rendiconti del Seminario Matematico - Politecnico di Torino, 82 (2024), no. 1, 145–170.	
• "5d Conformal Matter",	2024
with M. De Marco, M. Del Zotto and A. Sangiovanni.	
<i>JHEP</i> , Volume 2024, article number 306, (2024)	
• "Moduli spaces of $\mathbb{Z}/k\mathbb{Z}$ -constellations over $\mathbb{A}^2$ ".	2024
Communications in Contemporary Mathematics 27 (2025), no. 03, 2450019	

#### **PREPRINTS**

• "New components of Hilbert schemes of points and 2-step ideals", with F. Giovenzana, L. Giovenzana and P. Lella.

• "Growth and integrability of some birational maps in dimension three", with G. Gubbiotti.

• "On the Behrend function and the blowup of some fat points", with A. T. Ricolfi.

Advances in Mathematics, Volume 415, 15 February 2023, 108896

<ul> <li>"Invariants of nested Hilbert and Quot Schemes on surfaces",</li> </ul>	2025
with N. Fasola, D. Lewański and A. T. Ricolfi	
"Enumeration of partitions via socle reduction",	2025
with S. Monavari, R. Moschetti and A. T. Ricolfi	2024
The Painlevé equivalence problem for a constrained 3D system",  Status	2024
<ul> <li>with G. Filipuk, G. Gubbiotti and A. Stokes</li> <li>"The motive of the Hilbert scheme of points in all dimensions",</li> </ul>	2024
with S. Monavari, R. Moschetti and A. T. Ricolfi	2024
TEACHING	
Lecturer (N. P. ) Constitution of the control of th	0005
(PhD course) Computations in Algebraic Geometry at UFMG - Belo Horizonte (MG, Brazil)	2025
(Advanced mini-course) Classical Algebraic Geometry and Integrable Systems at ASIDE - Milan (In	•
(PhD course) Complex algebraic surfaces at SISSA - Trieste (Italy)  (PhD course) Computations in Algebraic Computation in Machine (SP Brazil)	2025
(PhD course) Computations in Algebraic Geometry at IMECC/UNICAMP - Campinas (SP, Brazil)	2025
Teaching Assistant  (PhD course) Textes in advanced alreading at SISSA. Tricoto (Italy)	2024-2025
( <b>PhD course</b> ) <i>Topics in advanced algebra</i> at <i>SISSA</i> - Trieste (Italy) ( <b>PhD course</b> ) <i>Algebraic Geometry</i> at <i>SISSA</i> - Trieste (Italy)	2024-2025
(PhD course) Topics in advanced algebra at SISSA - Trieste (Italy)	2023-2024
(PhD course) Algebraic Geometry at SISSA - Trieste (Italy)	2023-2024
Mathematical Analysis at University of Trieste, School of Engineering - Trieste (Italy)	9/2023-2/2024
(PhD course) Algebraic Geometry at SISSA - Trieste (Italy)	2022-2023
Mathematical Analysis at University of Trieste, School of Engineering - Trieste (Italy)	9/2022-2/2023
Mathematical Analysis at University of Trieste, School of Engineering - Trieste (Italy)	9/2021-2/2022
Mathematical Analysis at University of Trieste, School of Engineering - Trieste (Italy)	9/2020-2/2021
Mathematical Analysis at University of Trieste, School of Engineering - Trieste (Italy)	9/2019-2/2020
Mathematical Analysis at University of Pisa, School of Engineering - Pisa (Italy)	9/2017-2/2018
Linear Algebra at University of Pisa, School of Engineering - Pisa (Italy)	9/2017-2/2018
Linear Algebra at University of Pisa, School of Engineering - Pisa (Italy)	9/2016-2/2017

ATTENDED SCHOOLS, WORKSHOPS & ADVANCED COURSES	
• (Invited speaker) "WAGP - Moduli Spaces in (Super)Geometry and Mathematical Physics" (João Pes	ssoa) Fall 2025
• (Invited speaker) "Geometry in Algebra, Algebra in Geometry" IMPA (Rio de Janeiro)	Fall 2025
• "Geometry In Bicocca" Università di Milano-Bicocca	Summer 2025
• (Invited speaker) 'WAGP - Geometry And Physics of Higgs Moduli" (Razlog)	Summer 2025
• "Jordan Types of Artinian Algebras and Geometry of Punctual Hilbert Schemes" Université Côte d'Az	sur Summer 2025
<ul> <li>"Modules &amp; Rings: Recent Developments in Commutative Algebra" University of Genova</li> </ul>	Spring 2025
• (Invited speaker) "Abecedarian of SIDE (ASIDE)" University of Milan	Spring 2025
• (Invited speaker) "Giornate di Geometria Algebrica e Argomenti Correlati XVII" Isola delle Femmin	e (Palermo) Spring 2025
<ul> <li>"GC Legacy - A meeting in Algebraic Geometry" Politecico di Torino</li> </ul>	Winter 2025
<ul> <li>"TULSF IX - A one-day algebraic geometry meeting" SISSA (Trieste)</li> </ul>	Fall 2024
• (Poster session) "Syzygies and Hilbert Schemes" Jagiellonian University (Krakow)	Fall 2024
• (Invited speaker) "Algebro-geometric techniques for physics: bundles, stacks and supergeometry" SI	1 2
<ul> <li>"The Geometry of Hilbert Schemes of Points" CIRM - Levico Terme</li> </ul>	Spring 2024

• (Invited speaker) "Genova-Torino-Milano Seminar" University of Milan

"A workshop on Geometry and Commutative algebra" Politecnico di Milano

• "Hilbert schemes, moduli spaces, and symplectic varieties" Université de Nantes

"New Perspectives on Hyperkähler Manifolds" workshop at Levico Terme

"Localisation in Enumerative Geometry" PhD course by A. T. Ricolfi

• "Advanced topics in algebraic geometry" PhD course by E. Arbarello

"Cones of divisors and positivity" PhD course by L. Lombardi

• "Moduli Spaces and Stability Conditions" school & workshop at Levico Terme

• "Foliations in algebraic geometry" summer school at Istitut Fourier (Grenoble)

"Integrable systems from moduli spaces of stable curves" PhD course by P. Rossi

• "Mini-school: Real and complex birational geometry" at University of Milan (Milano)

"A day on Hilbert scheme of points" Humboldt University (Berlin)

"Genova-Torino-Milano Seminar" Università degli studi di Genova

"Geometry In Bicocca" Università di Milano-Bicocca

"Commutative Algebra TOwards Applications" (Torino)

"AGATES-Deformation theory workshop" at IMPAN (Warsaw)

• "Refined invariants in Moduli Theory" (Trieste)

"Derived Functors" PhD course by U. Bruzzo

• "Gauge Theory" PhD course by A. Tikhomirov

• "Differentiable Orbifolds" PhD course by B. Fantechi

"Enumerative geometry of the Hilbert scheme of points" SRS Research Station (Les Diablerets)

• (Invited speaker) "5th Christmas Workshop on Moduli Spaces and Integrable Systems" (Genova)

"Recent Advances in Classical Algebraic Geometry" conference at Jagiellonian University (Krakow)

• (Poster session) "Integrable Probability, Classical and Quantum Integrability" workshop at SISSA

• "Hilbert schemes, Mckay correspondence and singularities" winter school at Univ. Paris Diderot (Paris)

"Algebraic surfaces: the cubic surface, the Cayley cubic, lines on smooth surfaces" PhD course by F. Catanese

"Young Researchers Meeting in Algebra and Geometry 2022" conference at SISSA (Trieste)

• "Mini-workshop on Quiver Varieties and Related Topics" workshop at University of Oxford

## **PRIZES**

• Lutman Prize for the best PhD thesis SISSA in Mathematics, 2023.

## **MEMBERSHIPS**

• GNSAGA–INdAM, Italy Fall 2024-present

#### **COMMITTEE MEMBER**

• Committee member for master degree at EPFL, Switzerland

Winter 2025

• Committee member for PhD degree at Federal University of Paraíba, Brazil

Winter 2025

## **LANGUAGES & IT SKILLS**

• Italian: native; English: fluent; French: basic.

• Macaulay2, Sagemath, GAP, Latex, Unity, Windows OS, Android OS (Developer), Microsoft application, Office suite (ECDL) (Advanced), Ubuntu, C programming language, html.

#### REFEREES

Ugo Bruzzo	Paolo Lella	Andrea Tobia Ricolfi
SISSA	Politecnico di Milano	SISSA
bruzzo@sissa.it	paolo.lella@polimi.it	aricolfi@sissa.it

### ORGANISATION OF EVENTS

GANISATION OF EVENTS	
• Co-organiser with U. Bruzzo, E. Pavia of the conference "TULSF - IX"	Trieste (Italy) November 24
• Co-organiser with U. Bruzzo, B. Graña Otero, D. H. Serrano, D. S. Gómez of the conference "WAGI	P24" Trieste (Italy) June 24
• Co-organiser with P. Lella, S. Monavari, A. Ricolfi, A. Sammartano of the conference "GHiSP"	Levico Terme (Italy) May 24
Co-organiser of the Algebraic Geometry seminar in SISSA	2021-22
<ul> <li>Co-organiser of the Algebraic Geometry seminar in SISSA/IGAP</li> </ul>	2020-21
<ul> <li>Co-organiser of the Algebraic Geometry seminar joint between SISSA and ICTP</li> </ul>	2019-20
Co-organiser of the Algebraic Geometry seminar in SISSA	2018-19

## **OTHER TASKS**

• Museum guide of a Mathematics exhibition named "Mathematics in ancient Greece" Pis

Pisa (Italy) 2018

- Developed strong analytical, problem-solving and time management skills, throughout my PhD studies at SISSA.
- Proven excellent communication, coaching and leadership skills, when working as a teaching assistant.
- Learnt how to be a team-player and how to get the best from joint outcome when working in a group.
- Learnt how to work and deliver results in high-pressure situations, such as studying and working at the same time.
- Volunteer work with both the needy and the elderly.
- Interests and hobbies: music, politics and chess.
